

Collier to spearhead Bunting Magnetics' expansion into Europe

Charles Collier has been appointed sales director for the European operations of Bunting Magnetics Co. of Newton, KS. Based in Berkhamsted, UK, he will be responsible for the sales strategy of both Bunting Magnetics within Europe as well as for Magnet Applications Ltd (MAL) which Bunting purchased in April 2008. Bunting is an internationally respected manufacturer of a wide range of magnetic systems including magnetic separation and metal detection equipment. MAL is a leader in the manufacture and distribution of bonded magnets and assemblies. www.buntingmagnetics.com; www.magnetuk.com
