

### **Automatic bulk outloading scales**

*(8 October 2007)*

Danvaegt of Hinnerup, Denmark, has signed a major order with a German subsidiary of the Swiss Buhler Group to deliver a total of six fully-automatic bulk scales. Four of these are technically advanced bulk outloading scale systems with accompanying dosing units for loading processed bulk products into road vehicles. The dosing equipment is based on advanced grid/dosing slides. [www.danvaegt.com](http://www.danvaegt.com)
