

EFIBCA 2009 open meeting

The European Flexible Intermediate Bulk Container Association is holding its Open Meeting 2009 on 14 October at the Weissenbach, Austria, premises of Starlinger, one of its member companies. There will be a seminar covering latest technical, legal and economic developments covering the international FIBC industry. Subjects discussed will include FIBC testing, hygiene standards, dangerous goods regulations and polypropylene prices. Conference participation is free of charge and on 15 October Starlinger welcomes participants to an open house day. Further details from Christoph Bornhorn, EFIBCA Secretariat (tel: +49 6172 926655). www.efibca.com
