

## ***Pharmaceutical freeze driers to China***

GEA Lyophil of Hürth, Germany, part of GEA Pharma Systems, has won an order worth in excess of €15M from the Zhejiang Hisun Pharmaceutical Co. located in Taizhou Zhejiang, China, for pharmaceutical freeze driers with automatic load and unload systems (ALUS). The order, signed at the beginning of July at the Hisun headquarters, is for seven freeze drying systems and five ALUS systems which will be installed at the company's plant in the Fuyang pharmaceutical valley. Hisun is planning to invest over €100M in the Fuyang facility, making it one of the biggest pharmaceutical production sites in China. [www.geapharmasystems.com](http://www.geapharmasystems.com)
