

## ***New Greek representative for Larox Flowsys***

Larox Flowsys Oy, Lappeenranta, Finland, the leading supplier of flow control and pumping solutions for process industries worldwide, has appointed Athens-based Technissis Ltd as its new representative covering Greek markets. Owned by the brothers Georgios and Nikos Tsaoussis, Technissis has five employees and is already the authorised sales and service centre in Greece and Cyprus for three other equipment manufacturers. Larox valves and pumps are expected to complement the existing product range ideally. With some 100 employees, Larox Flowsys Group has subsidiaries in Linthicum, Maryland (USA), Sydney (Australia) and Kouvola (Finland). It operates through an international sales and service network covering over 55 countries. [www.larox.fi/flowsys](http://www.larox.fi/flowsys); [www.technissis.gr](http://www.technissis.gr)
