

### ***Automatic bulk scale at UK Port of Tilbury***

*(15 October 07)*

Industrial weighing specialist Precia-Molen of Breda, the Netherlands, has supplied a new automatic bulk scale to Forth Ports' No 5 berth at Port of Tilbury docks, London. The unit has a throughput capacity of 1000cu m/h when handling soya, maize-gluten and other derivatives. Installation, including modernisation of an existing mobile intake hopper, was carried out by Precia-Molen UK.
