

SHAPA 2010 Knowledge conference

SHAPA, the UK-based Solids Handling and Processing Association, is to stage a second edition of its Knowledge conference which was launched last year. The one-day seminar will take place on 5 October at the same venue as before, the Imago Holywell Park Conference Centre at Loughborough University. Ten presentations in two parallel streams will cover subjects such as explosion safety, the Machinery Directive, batch and continuous mixing and conveying technologies. Delegates may select the sessions that best suit their needs. A discounted 'early bird' enrolment fee is available until 31 July.
